

August 25, 2025

Index Name Change Notice

As previously mentioned, Morningstar Indexes has changed the name of Morningstar Global ex-Nordic Target Market Exposure to Morningstar Global ex-Nordic All Cap Target Market Exposure to clarify the exposure it provides (covering the top 99% of the investable universe by float market cap). This change took effect on August 15, 2025. Morningstar Indexes will also launch a new Morningstar Global ex-Nordic Target Market Exposure Index, which will target stocks in the same markets representing the top 85% of the investable universe by float market cap.

As a result, the file names for the current Morningstar Global ex-Nordic Target Market Exposure Index were also updated. The list of updated file names for the impacted index is [here](#). Please notify all relevant technical departments in your organization about the changes, as there may be an impact on your existing parser or other systems and processes.

About Morningstar Indexes

Morningstar Indexes was built to keep up with the evolving needs of investors—and to be a leading-edge advocate for them. Our rich heritage as a transparent, investor-focused leader in data and research uniquely equips us to support individuals, institutions, wealth managers and advisors in navigating investment opportunities across major asset classes, styles, and strategies. From traditional benchmarks and unique IP-driven indexes to index design, calculation and distribution services, our solutions span an investment landscape as diverse as investors themselves.
